

Catholic Social Teaching in Creative Media

Human Dignity

Ensure the creative work portrays diverse characters. Include sensitive topics with Care. Empower marginalized voices, capture moments that evoke empathy & dignity.

Solidarity

Team work - Group project, knowledge sharing between student.

Stewardship

Students become aware, though research what they consume and its impact on wider society.

Participation

Developing media skills will enable students to create content for future generations & help shape a more just human society.

The Common Good

Create narratives that highlight collective well being, empty & community. Collaborate with non-profit organizations for media to promote education. Create content that resonates with local community.

Rights and Responsibilities

Explore legal aspects of media production. Fact check & verify sources. Teach citation for Images, music & written content.

Option for the Poor

Create series that are compassionate & avoid Stereotypes. Try to collaborate with local communities & create media campaigns that raise awareness about poverty-related issues.
